## Description

*Nothing feels quite as good as filling out forms! Am I right?! Choose any pen you want and get to it! Check boxes! Sign your name! Calculate numbers! Sigh loudly and scratch your neck! It's all the action of the non-digital office environment in the discomfort of your own home!*

*It is as if you were doing paperwork* is a game of doing paperwork. At its heart it is a paperwork generator that creates forms that contain precise instructions for filling them out. You can't go wrong. It's an analog spiritual successor to my game *It is as if you were doing work* and was developed for the “[What Are the Rules?](#)” festival at the [VAC](#) in Moscow.

The paper generator was written in JavaScript using jQuery.

## Press

There is no press kit. Should there be? If you want one, I guess I'll make one.

## Process

- Take a look at the [process documentation](#) for a very incomplete picture of development
- Go through the [code repository](#) if you want the source code

## License

*It is as if you were doing paperwork* is an open source “game” licensed under a [Creative Commons Attribution-NonCommercial 3.0 Unported License](#). You can obtain the source code from its [code repository](#) on GitHub.

## 2 Commits

TBD

## 3 Process

- You can read [arguably my least well-done process “journal”](#) if you want.
